MAYOR HALL'S HIGHLIGHTS

Congratulations Magnolia Ambulance Corps!

We're excited to celebrate as Magnolia picks up its new ambulance today! 🚑 Each of the boroughs worked together to help purchase this new vehicle, ensuring Magnolia Ambulance Corps can continue providing vital emergency services to our residents. Thank you to everyone who helped make this important investment in our community possible! ❤️

Parks Commission and Historical Commission

At tonight's meeting, volunteers were approved to serve as members of the newly established Parks and Historical Commissions. We are excited to welcome these dedicated residents and look forward to the work they will do to preserve our history and enhance our parks and community spaces.

We would also like to sincerely thank the previous members of the Parks and Historical Committees for their time, dedication, and valuable knowledge. We especially appreciate their willingness to offer their guidance and support to the newly established commissions as they begin this important work.

Open Space Grant Awarded

We are excited to announce that we have been awarded \$25,000 from the Open Space Grant to continue our recreational space project next to Borough Hall.

Laurel Mills Update

The owner of Laurel Mills remains in compliance with the Redevelopment Agreement. Required documents, including bonds and escrows, continue to be submitted in a timely manner in accordance with the agreement.

We would like to thank our Borough Solicitor, Jeffrey Brennan, for his continued guidance and advice throughout this process. We appreciate his assistance and look forward to the established timelines continuing to be met as the project moves forward.

Welcome, Solar Landscape!

Council and I would like to extend a warm welcome to Solar Landscape, the newest business to join our community! Solar Landscape is located at Stratford Square, formerly known as the Bradlees Shopping Center.

We are excited to welcome them to Stratford and look forward to having them as part of our business community!

Concrete Pickup Update

To better control costs, residents who have concrete that needs to be picked up should contact the Borough at (856) 783-0600. This will help ensure the service remains available to Stratford residents and prevent use by contractors and non-residents, saving the Borough money.

Please join us at our next council meeting on September 9th at 6:30pm on the first floor of the Justice Center.
