### **Commitment to Employees**

We believe we can achieve our highest potential by actively involving our employees in problem solving and improving police services. We support an organizational climate of mutual trust and respect.

### **Community Partnership**

Recognizing the fact that police agencies were established as a result of society's voluntary limitation of personal freedoms, we encourage and expect the participation of the community in facilitating solutions to problems of mutual concern. We therefore solicit and support contributions from all members of this community regardless of race, sex, national origin or social status.

### **Community Sensitive Policing**

Department members shall uphold laws in an ethical, impartial, courteous, and professional manner while respecting the rights and dignity of all persons. We shall strive to achieve a balance between enforcement and community needs which reflects both the spirit and the letter of the law.

## **Professionalism**

Recognizing the changing and diverse needs of the community, the Stratford Police Department promotes and encourages a policy of professional and individual excellence which is delivered and enhanced by continuing education and training.

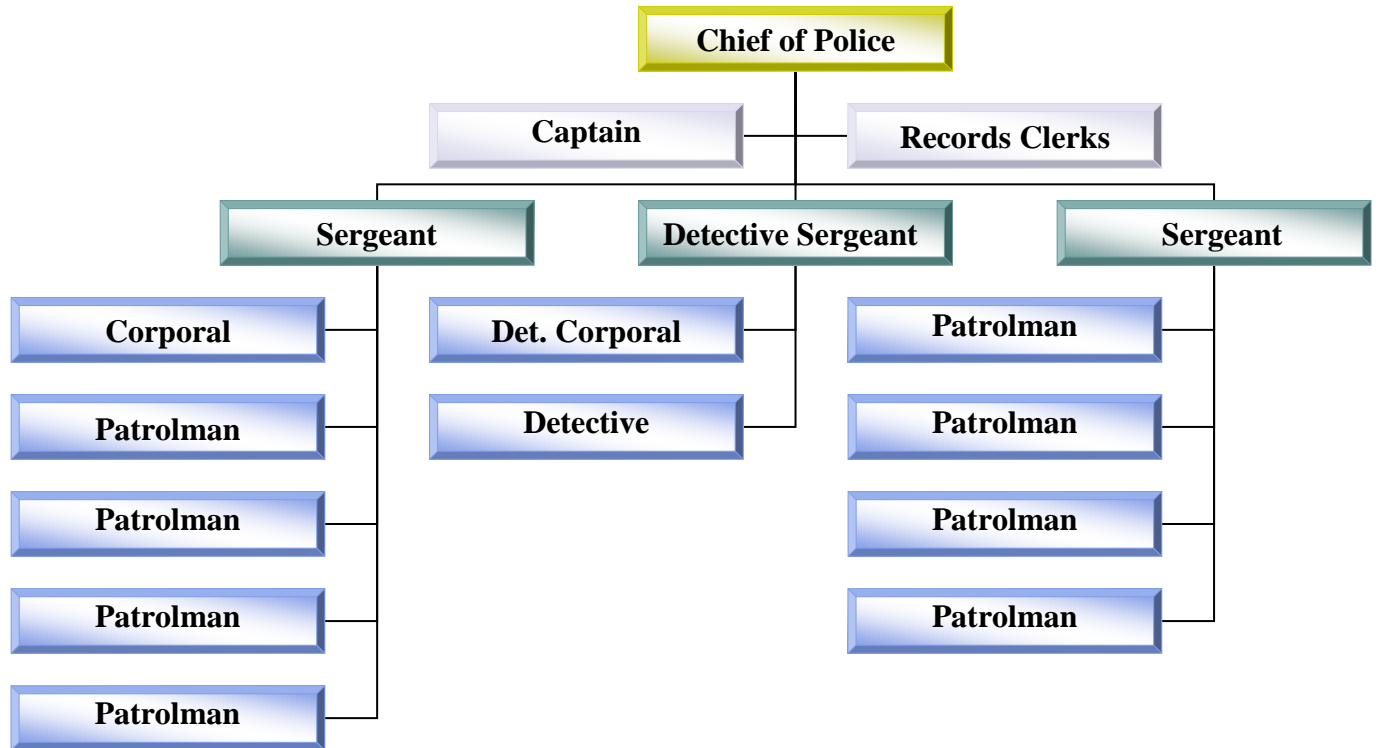

We realize fully that the expression of ideas is meaningless unless actively practiced. The integrity and professionalism demanded of members of the Stratford Police Department shall ensure the proper, lawful and unbiased application of police powers.

## **ORGANIZATION & PERSONNEL**

### **Personnel**

For the year 2019, the Stratford Police Department lost two employees to retirement. In July, Captain Robert J. Kelly retired from service after 25 years in law enforcement. Thereafter, in December of 2019, Captain Stephen J. McBride also retired from the Stratford Police Department with 25 years of service. With the departure of these two senior members, Patrolmen Bret Small and Patrick Deitz were hired to fill the voids created by these departures. # CROSSING GUARDS

Our crossing guards play a critical role to the Borough's public safety function. Each school day, 10 crossing guards hit the streets to perform the paramount task of ensuring our children have a safe passage to, and from school. These guards perform especially dangerous tasks under some of the worst atmospheric and driver created conditions. These men and women are serious about their work and are deserving of recognition.

**Retirees and other Previous Employee**

Below are the most contemporary sworn officers we wish to remember, who all dedicated many years of their lives to Stratford. Their good work still has positive ramifications on the department and our town today. Moreover, since 2016, a cycle of retirements has ensued. Consequently, the department has lost over 100 years of experience in a short period of time. From a police management standpoint, the loss of veteran police officer is operationally challenging.

**Injuries and Accidents**

Stratford Borough is self-insured for workers compensation claims. In order to ensure the proper level of police services for the citizens of Stratford, there has been a concerted effort by all police officers to reduce incidents of work place injury. Unfortunately, due to the inherently dangerous nature of the law enforcement profession, it often exposes police officers to hazardous situations that are beyond their control, therefore making the potential for injury extremely high. In 2019, there were two cases of a work related injuries. Throughout 2019, our Police Officers were assaulted on four (4) separate occasions. These felonious assaults on Law Enforcement Officers occurred while police were investigating the following types of incidents: *domestic disturbances, other disturbances, traffic stop*. The Stratford Police Department logged over 114,000 miles driven in department vehicles in 2019; resulting in four (5) minor traffic accidents one involving a parked vehicle in a construction zone.

# CRIMINAL ACTIVITY

Since the Overdose Prevention Act was enacted, many more drugs offenses have been recorded. But according to the Overdose prevention Act, police officers are powerless to arrest or charge certain drug offenders under some circumstances.

## Uniform Crime Reports (UCR)

The Uniform Crime Reporting Program is a nationwide, cooperative statistical effort of more than 17,000 cities, county and State law enforcement agencies reporting data on crimes brought to their attention. It was established in 1930 to gauge the state of crime in the nation. There are eight (8) main offense classifications, known as Part I Crimes, used as part of the Uniform Crime Reporting Program. The eight (8) crime classifications are divided into two categories; Violent Crimes and Property Crimes. The offenses, which constitute the Violent Crime category, include Murder and Non-Negligent Manslaughter; Forcible Rape; Robbery; and Aggravated Assault. The offenses, which constitute the Property Crime category, include Burglary; Theft; Motor Vehicle Theft; and Arson. Below is a chart highlighting the eight (8) identified crime classifications and the respective number of offenses for Stratford Borough for the last five (5) years.

### Domestic Violence

Acts of Domestic Violence are crimes the entire world must face and Stratford Borough is no way exempt. Domestic Violence consists of a host of crimes committed by family members, which is extended to any two people who have ever resided together. Domestic violence also governs those who have engaged in a dating relationship. Across the country, a large percentage of law enforcement officers who have been killed in the line of duty have resulted from responses to domestic violence incidents. By standard operating procedure, at least two police officers must respond to domestic disturbance calls. This is particularly challenging to the Stratford Police Department because there are hours which only one police officer is on duty. It is during these times that we must rely on mutual aid from neighboring police departments. In order to effectively deploy manpower resources when they are most needed, the administration of the Stratford Police Department has identified below, when most acts of Domestic Violence occur within our jurisdiction. It comes as no surprise that reported acts of Domestic Violence mirror those days when most drunk drivers are arrested. Once again, over 40% of Domestic Violence acts during 2019 involved alcohol consumption on behalf of the actor, victim or both. These statistics are relatively unchanged from the prior years. In 2019, over 225 hours has been spent resolving these disputes by either arrest, emergency restraining orders, court appearances or mutual separations.

## CRIMINAL FILINGS

Between **January 1, 2019 and December 31, 2019**, 925 Criminal charges were filed in the Borough of Stratford. On average, 2.53 criminal charges per day were investigated, prepared or signed by the Stratford Police Department, and passed onto to the Records and Municipal Court staff for processing. Once filed, criminal charges may be sent to State Court or may be returned to the municipal court for disposition.

## TRAFFIC

With traffic volume increasing, so to have our traffic crashes. Fortunately, during the year 2018, Stratford had zero fatal car crashes, a decrease of 300% from 2016.

# PATROL

Patrol is the largest Division and core law enforcement function of the Stratford Police Department. Its primary responsibility is responding to calls for service from the community. These calls can range from neighborhood disputes, domestic violence incidents, traffic accidents, burglaries in progress, robberies and sudden death investigations.

As the first responder to criminal complaints, patrol officers are responsible for seeing to the medical needs of anyone involved, interviewing witnesses, recognizing and preserving evidence, determining whether, in fact, a crime has occurred, and identifying and ultimately arresting those responsible.

Officers in the Patrol Division are also expected to provide proactive services such as traffic enforcement, crime detection and suppression, and initiating contacts with community members to our commitment to Community Oriented Policing. We are even called upon to unclog toilets, discipline children, unlock car doors, and change flat tires. While these tasks are not usual police functions, these represent some of the needs of our vulnerable population and our officers our proud to serve the needs of our residents.

Officers assigned to the Patrol Division are divided into two (2) Teams. Both teams are responsible for 24-hour patrol coverage, seven days a week, 365 days a year. Sergeant Frank Gagliardi supervises the A-Team. Sergeant Vincent Jess supervises the B-Team. Each Team has a total of five (5) police officers. The officers in the patrol division work 10 hour work days.

## **Community Oriented Policing Programs & Strategies**

In the mid 1990's under the leadership of Chief James McBride, the Stratford Borough Police Department identified a need to implement community-oriented / problem solving strategies to assist in more effectively addressing citizen concerns about crime, safety and quality of life issues. While still embracing traditional policing practices such as random patrol and rapid response to calls for service, the department recognizes that there must be a collaborative problem solving approach between the police and the community in problem identification, prioritization and resolution of community concerns. More recently, these strategies have been greatly enhanced by our current police department leadership. Our more recent goals are to reduce crime and increase the quality of life by seeking citizen involvement, cooperation and support. One of the most important aspects of this philosophy is to identify and solve community problems rather than simply treating the symptoms. Operationally, we seek to implement our strategy and accomplish our goals through various programs including but not limited to:

- Attendance at Community Meetings
- Child Seat installation & Safety
- School Safety Programs
- Drunk and Drugged Driving Education
- Pre-K thru 12 Educational Programs
- PTA / PTO Participation
- Youth Sports Participation
- Child Identification Programs
- Officer Phil Program
- Red Ribbon Program
- Drunk Driving Enforcement
- Drug Enforcement Operations
- Code Enforcement
- Targeted Traffic Enforcement
- Volunteer Fingerprint Programs
- Crime Prevention Programs
- Town Watch Program (as needed)
- Bicycle Patrol
- Traffic Studies

## **Field Training**

All police officers hired by the Stratford Borough Police Department must attend a state certified police academy. Upon graduation from the academy, all officers return to the department and are required to successfully complete a Field Training Program (FTO). The FTO program is an additional 2 months of supervised, intense training and evaluation in which the probationary officer is partnered with an experienced officer who has been carefully selected and trained as a Field Training Officer. It is the goal of the FTO Program to prepare and develop Probationary Officers to act efficiently, effectively and safely in a solo patrol capacity, which is an absolute essential function of the Stratford Police Department. Because there are many instances where an officer is unassisted during a patrol function, each and every member of the police department must have the knowledge, skills and abilities to properly handle any situation that may arise. To

fill those voids, supervisors and detectives are on call to respond to or communicate with the duty police officer handling an incident or crisis. These detectives and supervisors perform this function without additional compensation 24 hours a day, 365 days per year. Sergeant Frank Gagliardi, and Patrolman Steven Schmidt have been trained as, and are designated as Field Training Officers.

## DETECTIVE BUREAU

The Detective Bureau is charged with the responsibility to review all Police Investigation Reports and intelligence sources in order to prioritize and investigate criminal activity. The Detective Bureau also serves as the Stratford Police Department's Counter-Terrorism, Narcotics, Megan's, Firearms and Intelligence Liaisons' and they meet regularly with other local, state and federal authorities in these regards. Additionally, members of the Detective Bureau instruct DARE Classes, Investigate Firearms Applicants, Investigate Business Licenses Applicants, secure and process all department evidence, and other property. The Detective Bureau is also responsible for providing for 24 hour a day, 365 days per year "on call" coverage. Detectives frequently are called during off hours to investigate serious active or recent crimes. The Detective Bureau works closely with the Camden County Prosecutors Office, and is reportable to that agency regarding all indictable crimes and investigations.

The Detective Bureau is staffed by three police officers who have undergone weeks of specialized training in their function.

During interviews with the victim and witness, it was discovered that the assaults had taken place between July of 2016 and April 2018 and the suspect was the child's biological father. The suspect was ultimately charged with Aggravated Sexual Assault with a victim under the age of 13 and Endangering- Sexual conduct with a juvenile. The suspect was remanded to the Camden County Jail.
3. In January of 2019, Stratford Police Detectives followed up on a Burglary to the DelBouno's Bakery. Initial investigation yielded the suspect broke a window and crawled into the business allowing one to remove cash from a hidden location inside the business. Over the course of several days, Detectives obtained videos from area businesses that revealed a different story. Detectives interviewed a suspect that was a current employee, and subsequently learned that she was involved with committing criminal mischief, and theft. The current employee had broken out a window and removed the safe containing the cash at the end of her shift in an attempt to throw off the investigation. The suspect was arrested and charged accordingly.
4. In January of 2019, Stratford Police Detectives were the first responders to an attempted suicide at a residence in Stratford. During the initial response, it was determined that the victim cut both her wrists and was in her bedroom and would not allow her fiancé to assist her medically. Detectives were able to subdue the victim, that was profusely bleeding, and render life saving measures until EMS arrived on scene. The victim was transported to Jefferson hospital for medical treatment and mental evaluation. Further investigation at the

residence revealed the victim was depressed over her daughter's recent drug overdose death that Stratford Officers and Detectives had investigated previously at the residence.

5. In June of 2019, Stratford Police Detectives investigated Terroristic Threats made against a local restaurant establishment. Threats were made via cell phone to the establishment stating that they were going to shoot and kill employees. The fast actions of Patrol Officers to ping the suspect's cell phone and the diligent work from the detectives to secure subpoena's for the cell phone records lead to the local juvenile's arrest. The suspect was interviewed and a confession was obtained that sealed the suspect's conviction.
6. In June of 2019, Stratford Police Detectives followed up an Endangering the Welfare of a child incident. A resident called 9-1-1 in reference to a 2 y/o child walking up the sidewalk all by herself. An investigation was conducted and it yielded that the child had been left alone in the residence due to careless supervision. After Detectives conducted extensive interviews with witnesses, relatives and parents, criminal charges were issued along with DCP&P getting involved to protect the well-being of the child.
7. In June of 2019, Stratford Police Officers and Detectives responded to a Domestic Violence call involving a son armed with a knife and threatening his family members. 10. In August of 2019, Stratford Police Detectives were called to a burglary that had just occurred at a residence in Stratford. The victim reported having multiple watches stolen from his residence and believed his drug dependent daughter and her boyfriend were responsible for the thefts. Detectives processed the scene and were able to recover evidence in the victim's trash. When the evidence was located, the victim realized the theft was a lot larger than initially reported. Over the next few days, Detectives tracked down receipts at pawnshops confirming the victim's suspicions. An interview was conducted with the daughter who admitted to the thefts and the fact that her boyfriend was involved. Both subjects were charged accordingly.
11. In September of 2019, Stratford Police Detectives responded to the scene of a fatal motor vehicle accident on the White Horse Pike and Stratford Avenue. The investigation determined that the victim was driving his motorcycle in a reckless manor and struck the rear of a motor vehicle resulting in his own death. After processing the scene, detectives responded to the victim's residence and had to make notification to his family. Over the next few days, interviews were conducted with witnesses and the operator of the vehicle that was struck. It was learned that this operator was unlicensed. This factor ultimately resulted in his arrest and charges, even though the accident was not his fault.
12. In October of 2019, Stratford Police Detectives investigated a bank robbery at the TD Bank in Stratford. The suspect walked into the bank, provided a demand note requesting money from the teller, and motioned that he was armed with a gun. After the initial processing of the scene, an intense follow up investigation was conducted that resulted in his identification and capture within three days. The suspect was arrested and a search warrant was executed at his residence. The suspect was charged accordingly and remanded to the Camden County Jail.

## MEGAN'S LAW UNIT

# Megan's Law

Although not “officially” a unit, the task of handling Megan’s Law registrants within the borough is vested with the Detective Bureau. Detective Thomas Farrell primarily oversees the registrants. We have registered a total of 7 sex offenders as of December 31, 2019, we have 5 sex offenders living in Stratford.

We currently have 2 new registrants in 2019.

We have 5 offenders register annually and 0 offenders register every 90 days.

# DARE PROGRAM

The Stratford Police Department has conducted the DARE (Drug Abuse Resistance and Education) Program in the Stratford School district since **1990**. To date, over 4000 Stratford students have gone through the DARE Program. The program is taught to 5<sup>th</sup> grades at Yellin and John Paul II Schools. This program is 12 weeks long and trained officers visit their assigned class once a week and teach a prescribed curriculum. In 2019, approximately **(113)** students were taught in the DARE Program.

Officers who taught the DARE Program in 2019 were:

**Ptlm. Caleb Speer (Program Coordinator)**  
**Ptlm. Tim Butler**

**Ptlm. Andrew Rebecca**  
**Ptlm. Dan Camburn**

To celebrate the students accomplishments, the Stratford Police Department and JP II School host the annual DARE Graduation Night at the carnival. Very graciously and in support of the program, the PJP II School donates rides and food to the current year graduates.

# RECORDS DIVISION

The Records Division of the Stratford Police Department supports the operational efforts of the detective bureau, patrol division and administrative sections. Along with performing a variety of other services, including but not limited to

- Data Entry & filing
- Prosecutors Office Case Preparation
- Processing of Automated Red Light Enforcement Offenses and Discovery
- Report Maintenance/Filing/Retrieval
- Issuing Licenses, permits
- Copy reports for Civilians/ Insurance Companies/Attorneys
- Isolating Expunged Files
- Issue Handicap Placards
- Process Firearms Applications
- Coordinate Background Investigations
- Process Fingerprint Cards
- Process Juvenile Complaints
- Receiving incoming emergency and non-emergency calls
- Screening walk-in complaints
- Compile monthly statistics
- Municipal Court case preparation

The chart below highlights a small percentage of the work processed by the Records personnel in 2019. The records division is responsible for creating and maintaining over 20,000, records annually. The records clerks process each and every case, accident, summonses and documents which are ultimately passed on to the municipal court office that is staffed by two full time and one part time employee. In accordance with Stratford’s paperwork reduction philosophy, during the month of October 2012, our records room began making motor vehicle crash reports available online. This initiative has found to be convenient for the public and efficient for the police department. There are no associated costs to the borough for this service. In late 2014, the Stratford Police Department entered into a shared service agreement with Bellmawr Borough where as Stratford purchased a State of the Art Records Management System (RMS) Effective January 2015 Stratford and approximately 32 other law enforcement agencies in Camden County will have the benefit of instantly sharing crime data, including arrests and investigation. Much of costs associated with the purchase of the RMS system was paid for with grants, forfeiture funds and sources.

## COMMUNICATIONS

The Stratford Borough Police Department does not directly employ police dispatchers or communications officers. Our primary communications function is provided to Stratford by the Camden County Police Communications Center, which is located in Lindenwold NJ. The Communications Center is staffed 24 hours a day, 365 days a year. Despite all appearances, when calling 911, the process of dispatching a police officer is nearly immediately underway. Officers of the Stratford Police Department respond to most emergency and non-emergency calls within 120 seconds of receipt from the Communications Center. 95% of Camden County municipalities utilize the Camden County Communications Centers with the exception of four larger townships who are Gloucester Township, and Cherry Hill Township. However, during business hours, our Records Clerks will receive, screen and dispatch 10 to 50 emergency and non-emergency calls for service per week. These calls are handled by the Stratford Police Department when a reporting person dials the police administration building directly instead of the non-emergency line or 911. Because the offices are closed 16 hours a day, and all weekend long, the Stratford Police Department discourages the public from calling the administrative offices to report crimes in progress

### Calls for Service

Calls for service are operational incidents that the police department can track and monitor. These include 911 calls, emergency and non-emergency requests for service, and “on-sight” criminal/public service activity by officers. The chart directly below reflects the number of calls for service handled by the Stratford Police Department for the previous five (5) years. As previously stated the vast majority of calls for police service are channeled through the Camden County Communications Center.

## MISCELLANEOUS

### Overtime

For the calendar year of 2019, officers of the Stratford Police Department worked approximately 1200 hours of locally budgeted hours of overtime and or compensatory time. The Police Department budgeted overtime is utilized and necessary for the patrol division and detective bureau for purposes such as the *replacement of personnel out sick, injured or on other approved leave such as attendance at mandatory or other training, completion of assignments, the investigation of serious offenses, or to work a special assignments such as parades, and other public events.* In years past, severe weather events have seriously taxed the overtime budget; however, the police administration remains committed to ensuring police personnel are deployed where and when our citizens need them. For accountability purposes, overtime must be approved by a Sergeant and by the Chief of Police. For accounting purposes, the Chief Financial Officer logs a running tally of overtime used. Categories for overtime are as follows:

**Extended Tour** - time worked in addition to and consecutive with one's regular 10 hour work day (examples include time at the end of a tour of duty to complete an arrest, assignment or reports).

**Extra Tour** - time worked in addition to one's regular workday (examples include replacing an officer on sick leave or a Detective called in to work on a serious case).

**Court** - To provide testimony in municipal, state or federal court (examples include mandatory court appearance, which does not coincide with an officer's regularly scheduled workday). Since 2014, the municipal court increased their court session to four sessions per month

**Training** - attendance at in-service training courses not available during workdays or contractual uncompensated days (examples include CPR / AED Training, Alcotest Certification, Search & Seizure Updates and Criminal Law Refresher) Very limited overtime for training has been expended in the past 4 years.

**Crash Investigation Team** - assistance provided to the Camden County Prosecutors Office investigating fatal accidents county wide. The Camden County Prosecutors Office reimburses the Stratford Police Department when our trained officer is used out of Stratford Borough on assignment.

**DDEF - Drunk Driving Enforcement Fund:** a state funded grant utilized to place additional police officers on the road to target drunk drivers (examples include extra patrols on holidays, weekends and nights when instances of drunk driving are inherently increased).

**Other Grant Overtime** – Overtime used for extra patrols for seatbelt and speed reduction campaigns. Overtime in this category is generally reimbursed through state and federal grants.

**Other Overtime** – Overtime expended through the Borough paid for by private vendors (traffic construction, school events, fall festival, traffic control, security posts, and security details).

**Compensatory Time-Hours:** Compensatory hours are actually overtime hours worked in which the police officers elects to bank hours which can be later used as time off. Compensatory hours per Federal Law can be accrued up to 480 hours.

The chart below reflects the Stratford Police Department’s estimated overtime, by category for 2019:

## Training and Education

One of the most important responsibilities of a law enforcement agency is the training and education of all personnel. It is well settled that training increases safety and reduces civil liability. ### **Internal Affairs & Professional Standards**

The Stratford Borough Police Department is committed to providing law enforcement services that are fair, effective, and impartially applied. Toward that end, officers are held to the highest standards of official conduct and are expected to respect the rights of all citizens. Officers' adherence to these standards, motivated by a moral and professional obligation to perform their job to the best of their ability, is the ultimate objective of this agency. The effectiveness of a law enforcement agency is dependent upon public approval and acceptance of police authority. The department must be responsive to the community by providing formal procedures for the processing of complaints from the public regarding individual officer performance.

The purpose of the Department's Internal Affairs Policy is to improve the quality of law enforcement services. Citizen confidence in the integrity of the police department increases through the establishment of meaningful and effective complaint procedures. This confidence engenders community support for the police department. Improving the relationship between the police and the citizens they serve facilitates cooperation vital to the department's ability to achieve its goals. An effective disciplinary framework also permits police officials to monitor compliance with department policies and procedures. Adherence to established policies and procedures assists officers in meeting department objectives while a monitoring system permits managers to identify problem areas requiring increased training or direction. Finally, the Internal Affairs Policy ensures fairness and due process protection to citizens and officers alike. The internal affairs process is also used to identify and correct unclear or inappropriate agency procedures. In addition, it will highlight organizational conditions that may contribute to any misconduct, such as poor recruitment and selection procedures or inadequate training and supervision of police officers.

In 2019, there were **9** Internal Affairs Investigations. The categories of these investigations included rule violations, demeanor, illegal search / stop and differential treatment. As per the protocol established by the Camden County Prosecutors Office,

the Internal Affairs function conducted random drug testing of 20% of the police department. All random drug tests of police officers were negative.

## ADMINISTRATION

Pursuant to state law, the ordinances of the Borough and the regulations and policies established by the Chief of Police, the responsibilities of the Police Chief shall include the responsibility to:

In addition to the statutory responsibilities of the police chief, in the Borough of Stratford, the Police Chief must also assume patrol responsibilities and criminal investigation duties.

## **Police Policy Manual**

By law and Attorney General Guidelines, every police department shall adopt certain policies, which govern how law enforcement operations are carried out. Although the mandatory policies are few, the Chief of Police believes that policies are a critical element of an effective law enforcement agency. Since 2002, the Chief of Police has developed a comprehensive policy manual, which consists of, the below chapters:

During 2008, the Stratford Police Department stopped issuing paper policies. Each officer has been issued a password protected thumb drive and all departmental policies and directives have been converted to PDF format. This initiative has resulted in a cost savings while making the comprehensive patrol guides available to the officer while in the field / patrol vehicles.

**Law Enforcement Grants**

Because of local fiscal restraints, the Stratford Police Department relies heavily upon State and Federal Grants to continue to function at a high level. In addition, because the effective delivery of law enforcement services depends greatly upon training, equipment and effective use of manpower, the Stratford Police Departments literally operates on a shoestring budget supplemented by grant funds. The following is a partial list of grants applied for, and received by the Stratford Police Department during the year of 2019:

- |                                     |             |

Since 2002, the Stratford Police Department estimates having received well over one million dollars in grant awards, which include manpower hours, law enforcement training and equipment.

### **Staffing & Patrol Analysis**

In these days of rising costs, and a shrinking tax base, staffing of all municipal departments legitimately comes into question. Without question, every municipal employee inclusive of elected officials have a duty to ensure that our taxpayers receive the most effective and efficient delivery of municipal services.

To achieve this mission, the administration of the Stratford Police Department strives to deploy our police officers when and where they are needed most by our citizens. To ensure public safety, the department has elected to employ Temporary & Special Police Officers. These officers currently are not fully trained police officers however they are trained as Special Class Two Police Officers. These officers are hourly employees who are called upon to assist our regular police officers. Special Police Officers are a “special class” of law enforcement officers who are restricted in a variety of ways. However, they clearly serve the needs of our community while defraying overtime costs. Currently the Stratford Police Department employee’s sixteen (16) full time regular police officers and (1) Special Police Officer.

Statically, the Borough of Stratford enjoys the protection of 2.1 Police Officers, per one thousand residents. The County average in this regard is 2.5 Police Officers, per one thousand residents and the New Jersey State average is 2.3 Police Officers per one thousand residents. Although we may be significantly below the state and county averages regarding the number of police officers we employ, the administration of the Stratford Police Department is confident that our manpower is deployed in an effective and efficient manner, which is continuously analyzed. Should crime or population meaningfully increase, the need for additional police officers may become necessary. However as stated, our manpower and workload is carefully monitored to ensure the safety of our citizens. Consequently, the administration of the police department remains confident that the borough’s public safety obligations are met, and yet fairly balanced against the financial or tax implications to our citizens.

**Patrol Vehicle Replacement Program**

As a matter of business, the borough of Stratford strives to replace XXX patrol vehicles per year. In doing so, the Chief and the designated motor pool officer carefully evaluate the use, mileage, condition of each police vehicle. Generally, the Stratford Police Department will de-commission a patrol car after approximately 10 years of service. Although these decade old cars give a nice appearance, wear, tear, mileage and hard driving clearly takes its toll on these cars. For the safety of the police officers and the public, generally police cars are decommissioned after a decade. Given the very nature of their use, the mileage, and existence of 50 speed bumps, it is remarkable that the patrol cars receive 10 years longevity. Currently our patrol fleet consists of the following patrol vehicles:

<b>PLATE</b>	<b>MAKE-MODEL</b>	<b>UNIT</b>	<b>MILEAGE</b>	<b>YEAR</b>

## Miscellaneous Year 8 Special Initiative Camden County Regional DWI Task Force

During the summer of 2009, the Stratford Police Department made application to the New Jersey Office of Highway Traffic Safety to receive federal funding for drunk driving enforcement. Consequently, five municipal police departments along the White Horse Pike corridor joined forces to develop the Camden County Drunk Driving Task Force. As of December 31, 2019, our Task Force has removed over 2350 drunk drivers from our neighborhoods. Remarkably, the Officers of the Stratford Police Department ranked as one of the **top 10** police departments in the state of New Jersey in regards to Drunk Driving Enforcement.

## Conducted Energy Devices (Taser)

In early 2014, the Stratford Police Department received authorization from the State of New Jersey to carry Conducted Electronic Energy Devices. Utilizing money confiscated from narcotics seizures, the department purchased three devices. These devices are not carried to replace handguns; however, our supervisors carry these devices so that we have a less than lethal force alternative. Each activation is recorded by a video camera, which is manufactured into the handle of the device.

## Nalaxone Program (Narcan)

During the month of May 2014, the Stratford Police Department joined many other police departments in the country, when we trained and equipped our police officers with nasal mist dosages of Naloxone hydrochloride also known as Narcan. Sadly, the Chief of Police recognized the need for Stratford Officers to be carrying this anti-opiate antidote to save lives. In 2019, Nalaxone was used on XXX occasions, and since the program's inception, officers utilized the antidote on XXX occasions, thus saving the lives of XXX different individuals who had overdosed on illegal drugs. The Stratford Police Department recognizes that the Narcan Program is not a cure to the opiate epidemic, but rather simply an additional lifesaving tool, which furthers the department's core mission of protecting and preserving lives.

### **Automated External Defibrillator (AED)**

In furtherance of our core function of preserving life, each Stratford Patrol Vehicle is outfitted with an AED. All officers are certified bi-annually on their use. Proudly your Stratford Police officers saved or preserved the lives of four residents during 2019 and used the device on three other occasions.

## **“SPEED BUMPS 23 YEARS LATER”**

Amazingly, it has been 23 years since the first speed bump was installed in front of the Borough Hall on Union Avenue. Since 1997, the speed bump program expanded and now over two decades later Stratford has installed over 75 speed bumps and replaced about a third of them during street improvement projects. Prior to installing the first speed bump, Stratford officials employed several different strategies to solve the problem of residential speeding. However, each quick fix eventually failed, and the problem resurfaced.

In preparing this informational report I reviewed some old data, and came across a 1998 speed and traffic volume survey that was conducted on Vassar Avenue near Hagerty Field. Alarming in 1997, over 900 vehicles per day traveled on Vassar Avenue at an average speeds 37 of miles per hour. Again in late 2002, the same study was conducted which measured similar traffic volume, yet the average velocity was 25 miles per hour. So again, this year, the identical traffic study was conducted. The 2017 study found that traffic volume on Vassar Avenue had increased to almost 1200 vehicles per day, and the average speed was 27 miles per hour.

While the results may vary somewhat from street to street, the Vassar Avenue study seems to fairly represent the effectiveness of the speed bump program. In addition to the raw data, the number of homeowner complaints, and neighborhood traffic crashes have decreased significantly over the past 20 years. Consequently, speeding tickets on residential roadways are less common in 2019.

Adore them or despise them, 23 years later mostly everyone agrees, that the speed bumps have positively changed the driving culture within our residential neighborhoods.
