To demonstrate our commitment to our profession, on and off duty, we subscribe to the following values:

We believe we can achieve our highest potential by actively involving our employees in problem solving and improving police services. We therefore solicit and support contributions from all members of this community regardless of race, sex, national origin or social status.

Community Sensitive Policing

Department members shall uphold laws in an ethical, impartial, courteous, and professional manner while respecting the rights and dignity of all persons. We shall strive to achieve a balance between enforcement and community needs which reflects both the spirit and the letter of the law.

Professionalism

Recognizing the changing and diverse needs of the community, the Stratford Police Department promotes and encourages a policy of professional and individual excellence which is delivered and enhanced by continuing education and training.

CROSSING GUARDS

Our crossing guards play a critical role to the Borough's public safety function. Each school day, **12** crossing guards hit the streets to perform the paramount task of ensuring our children have a safe passage to, and from school. These guards perform especially dangerous tasks under some of the worst atmospheric and driver created conditions. These men and women are serious about their work and are deserving of recognition.

Retirees and other Previous Employee

Below are the most contemporary sworn officers we wish to remember, who all dedicated many years of their lives to Stratford. Their good work still has positive ramifications on the department and our town today. Moreover, since 2016, a cycle of retirements has ensued. Consequently, the department has lost over 100 years of experience in a short period of time. From a police management standpoint, the loss of veteran police officer is operationally challenging.

Injuries and Accidents

Stratford Borough is self-insured for workers compensation claims. In order to ensure the proper level of police services for the citizens of Stratford, there has been a concerted effort by all police officers to reduce incidents of work place injury. Unfortunately, due to the inherently dangerous nature of the law enforcement profession, it often exposes police officers to hazardous situations that are beyond their control, therefore making the potential for injury extremely high. In 2020, there were two cases of a work related injuries, both cases were exposures to pathogens. Throughout 2020, our Police Officers were assaulted on five (5) separate occasions. These felonious assaults on Law Enforcement Officers occurred while police were investigating the following types of incidents: *domestic disturbances, other disturbances, traffic stop*. The Stratford Police Department logged over 110,000 miles driven in department vehicles in 2020; resulting in three (3) minor traffic accidents one involving a parked vehicle.

CRIMINAL ACTIVITY

Reported Crimes

As can be seen by the figures below, the total police reports have somewhat decreased from 2017 through 2020. The figures below include all reported criminal activity, and instances where officers filed a police report, excluding traffic crashes and summonses.

	2018	2019	2020
Total Criminal Offenses	955	915	877

Arrests

The figures listed below reflect the number of “individuals” arrested for the previous three years. It should be noted that most times, multiple charges are filed against a single “individual.” The arrests figures listed below reflect the number of persons (Adults / Juveniles) physically arrested by Stratford Police Officers. In approximately 120 additional cases, criminal charges have been filed against suspects, but they have not been yet arrested or were arrested by other law enforcement agencies at the request of the Stratford Police Department.

	2018	2019	2020
Arrests	532	382	259

Drug Offenses

Because drug related crimes remain a high priority to law enforcement, the Stratford Police Department is continuing in its proactive enforcement efforts concerning drug use and distribution. Since the Overdose Prevention Act was enacted, many more drug offenses have been recorded. But according to the Overdose Prevention Act, police officers are powerless to arrest or charge certain drug offenders under some circumstances.

Uniform Crime Reports (UCR)

The Uniform Crime Reporting Program is a nationwide, cooperative statistical effort of more than 17,000 cities, county and State law enforcement agencies reporting data on crimes brought to their attention. It was established in 1930 to gauge the state of crime in the nation. There are eight (8) main offense classifications, known as Part I Crimes, used as part of the Uniform Crime Reporting Program. The eight (8) crime classifications are divided into two categories; Violent Crimes and Property Crimes. The offenses, which constitute the Violent Crime category, include Murder and Non-Negligent Manslaughter; Forcible Rape; Robbery; and Aggravated Assault. The offenses, which constitute the Property Crime category, include Burglary; Theft; Motor Vehicle Theft; and

Arson. Below is a chart highlighting the eight (8) identified crime classifications and the respective number of offenses for Stratford Borough for the last five (5) years.

Historical Crime Data - Stratford Borough

I am often asked how 21st century crimes in Stratford Borough compares to criminal trends from the 1970's 1980's and 1990s. For informational purposes, the below table details historical crime data including population figures from those eras.

YEAR	CRIME INDEX	VIOLENT CRIMES	NON-VIOLENT	PER 1000
1970	Not available	---	---	---
1980	Not available	---	---	---
1990	307	6	301	40.3
2000	165	24	141	22.7
2010	160	13	147	22.7
2020	Not available	--	---	---

There are a number of law enforcement calls for police services that are time consuming. Below are the most frequent calls for municipal police services / activity for the patrol division:

Activity	% of activity 2019
Suspicious Incidents	10%
Other Complaints	25%
Medical Assist	5%
Ordinance Violations	3%
Follow Up Investigations & Reports	27%
Patrol / Traffic Enforcement / MVA's	30%

Domestic Violence

Acts of Domestic Violence are crimes the entire world must face and Stratford Borough is no way exempt. Domestic Violence consists of a host of crimes committed by family members, which is extended to any two people who have ever resided together. Domestic violence also governs those who have engaged in a dating relationship. Across the country, a large percentage of law enforcement officers who have been killed in the line of duty have resulted from responses to domestic violence incidents. By standard operating procedure, at least two police officers must respond to domestic disturbance calls. This is particularly challenging to the Stratford Police Department because there are hours which only one police officer is on duty. It is during these times that we must rely on mutual aid from neighboring police departments. In order to effectively deploy manpower resources when they are most needed, the administration of the Stratford Police Department has identified below, when most acts of Domestic Violence occur within our jurisdiction. It comes as no surprise that reported acts of Domestic Violence mirror those days when most drunk drivers are arrested. Once again, over 45% of Domestic Violence acts during 2020 involved alcohol consumption or drug use on behalf of the actor, victim or both. These statistics ticked up by about 5% from the prior years. In 2020, over 245 hours were spent resolving these disputes by either arrest, emergency restraining orders, court appearances or mutual separations.

CRIMINAL FILINGS

Between **July 1, 2019 and June 30, 2020**, **869 Criminal charges** were filed in the Borough of Stratford. On average, **2.38** criminal charges per day were investigated, prepared or signed by the Stratford Police Department, and passed onto to the Records and Municipal Court staff for processing. Once filed, criminal charges may be sent to State Court or may be returned to the municipal court for disposition. For this same time period, a total of 5741 court cases were filed by the Stratford Police Department.

TRAFFIC

Accidents

With traffic volume increasing, so have our traffic crashes. Fortunately, during the year 2018, Stratford had zero fatal car crashes, a decrease of 300% from 2016.

PATROL

Patrol is the largest Division and core law enforcement function of the Stratford Police Department. Its primary responsibility is responding to calls for service from the community. These calls can range from neighborhood disputes, domestic violence incidents, traffic accidents, burglaries in progress, robberies and sudden death investigations.

As the first responder to criminal complaints, patrol officers are responsible for seeing to the medical needs of anyone involved, interviewing witnesses, recognizing and preserving evidence, determining whether, in fact, a crime has occurred, and identifying and ultimately arresting those responsible.

Officers in the Patrol Division are also expected to provide proactive services such as traffic enforcement, crime detection and suppression, and initiating contacts with community members to our commitment to Community Oriented Policing. We are even called upon to unclog toilets, discipline children, unlock car doors, and change flat tires. While these tasks are not usual police functions, these represent some of the needs of our vulnerable population and our officers our proud to serve the needs of our residents.

Officers assigned to the Patrol Division are divided into two (2) Teams. Both teams are responsible for 24-hour patrol coverage, seven days a week, 365 days a year. Sergeant Vincent Jess and newly promoted Sergeant John Beasley supervise the A-Team. Sergeant Bret Johnson supervises the B-Team. Sergeant Frank Gagliardi is assigned to the day watch shift and also oversees the Detective Bureau. Each Team has a total of five (5) police officers. The officers in the patrol division work 10 hour work days.

Community Oriented Policing Programs & Strategies

In the mid 1990's under the leadership of Chief James McBride, the Stratford Borough Police Department identified a need to implement community-oriented / problem solving strategies to assist in more effectively addressing citizen concerns about crime, safety and quality of life issues. While still embracing traditional policing practices such as random patrol and rapid response to calls for service, the department recognizes that there must be a collaborative problem solving approach between the police and the community in problem identification, prioritization and resolution of community concerns. More recently, these strategies have been greatly enhanced by our current police department leadership. Our more recent goals are to reduce crime and increase the quality of life by seeking citizen involvement, cooperation and support. One of the most important aspects of this philosophy is to identify and solve community problems rather than simply treating the symptoms. Operationally, we seek to implement our strategy and accomplish our goals through various programs including but not limited to:

- Attendance at Community Meetings
- Child Seat installation & Safety
- School Safety Programs
- Drunk and Drugged Driving Education
- Pre-K thru 12 Educational Programs
- PTA / PTO Participation
- Youth Sports Participation
- Child Identification Programs
- Officer Phil Program
- Red Ribbon Program
- Drunk Driving Enforcement
- Drug Enforcement Operations
- Code Enforcement
- Targeted Traffic Enforcement
- Volunteer Fingerprint Programs
- Crime Prevention Programs
- Town Watch Program (as needed)
- Bicycle Patrol
- Traffic Studies

Field Training

All police officers hired by the Stratford Borough Police Department must attend a state certified police academy. Upon graduation from the academy, all officers return to the department and are required to successfully complete a Field Training Program (FTO). The FTO program is an additional 2 months of supervised, intense training and evaluation in which the probationary officer is partnered with an experienced officer who has been carefully selected and trained as a Field Training Officer. It is the goal of the FTO Program to prepare and develop Probationary Officers to act efficiently, effectively and safely in a solo patrol capacity, which is an absolute essential function of the Stratford Police Department. Because there are many instances where an officer is unassisted during a patrol function, each and every member of the police department

must have the knowledge, skills and abilities to properly handle any situation that may arise. To fill those voids, supervisors and detectives are on call to respond to or communicate with the duty police officer handling an incident or crisis. These detectives and supervisors perform this function without additional compensation 24 hours a day, 365 days per year. Sergeant Frank Gagliardi, Patrolman Caleb Speer and Corporal Steven Schmidt, are designated as Field Training Officers.

DETECTIVE BUREAU

The Detective Bureau is charged with the responsibility to review all Police Investigation Reports and intelligence sources in order to prioritize and investigate criminal activity. The Detective Bureau also serves as the Stratford Police Department's Counter-Terrorism, Narcotics, Megan's, Firearms and Intelligence Liaisons' and they meet regularly with other local, state and federal authorities in these regards. Additionally, members of the Detective Bureau instruct DARE Classes, Investigate Firearms Applicants, Investigate Business Licenses Applicants, secure and process all department evidence, and other property. The Detective Bureau is also responsible for providing for 24 hour a day, 365 days per year "on call" coverage. Detectives frequently are called during off hours to investigate serious active or recent crimes. The Detective Bureau works closely with the Camden County Prosecutors Office, and is reportable to that agency regarding all indictable crimes and investigations.

The Detective Bureau is staffed by three police officers who have undergone weeks of specialized training in their function.

Property offenses include Burglary, Theft, Criminal Mischief and Shoplifting. The exact amount of value in theft related offenses is difficult to determine as officers and victims usually estimate the value of property stolen and recovered. The chart below reflects the estimated value of property stolen and recovered for the previous ten (10) years. With the Borough of Stratford hosting three financial institutions and one check-cashing agency, the dollars lost to theft and fraud can be significant.

YES
NO

On November 6, 2018, the taxpayers of Stratford spoke loudly and clearly, when they convincingly authorized a referendum to fund two Resource Officers to protect our public schools. This measure finalized a pilot program instituted in July of 2018. In July of 2020 the Stratford Mayor & Council unanimously agreed to renew the agreement with the school district and continued to place officers in Yellin and Parkview School. The Stratford Police Department is proud to provide for the safety and security of our children and staff. We hope our presence is conducive to learning and eases safety concerns of our parents and educators.

MEGAN'S LAW UNIT

Megan's Law

Although not “officially” a unit, the task of handling Megan’s Law registrants within the borough is vested with the Detective Bureau. Detective Thomas Farrell primarily oversees the registrants. Registrants are required to re-register anytime they move to a new address within the borough, even as minimal as a change to a different apartment. Registrant’s must also register upon moving into the Borough of Stratford from another area as well as notify our agency when they are moving to another jurisdiction.

We have registered a total of 7 sex offenders as of December 31, 2020, we have 7 sex offenders living in Stratford.

We currently have 2 new registrants in 2020.

We have 7 offenders register annually and 0 offenders register every 90 days.

We have 5 Tier II offenders and 2 Tier II offender, none others are pending a Tier Hearing

Detective Farrell delivered 32 Megan’s Law notices to schools, daycares, civic groups and alike.

DARE PROGRAM

The Stratford Police Department has conducted the DARE (Drug Abuse Resistance and Education) Program in the Stratford School district since **1990**. To date, over 4000 Stratford students have gone through the DARE Program. The program is taught to 5th grades at Yellin and John Paul II Schools. This program is 12 weeks long and trained officers visit their assigned class once a week and teach a prescribed curriculum. In 2020, approximately **(116)** students were taught in the DARE Program.

Officers who taught the DARE Program in 2020 were:

Ptln. Caleb Speer (Program Coordinator)
Ptln. Tim Butler

Det. Andrew Rebecca
Ptln. Dan Camburn

To celebrate the students accomplishments, the Stratford Police Department and JP II School host the annual DARE Graduation Night at the carnival. Very graciously and in support of the program, the PJP II School donates rides and food to the current year graduates.

The records clerks process each and every case, accident, summonses and documents which are ultimately passed on to the municipal court office that is staffed by two full time and one part time employee. In accordance with Stratford's paperwork reduction philosophy, during the month of October 2012, our records room began making motor vehicle crash reports available online. This initiative has found to be convenient for the public and efficient for the police department. There are no associated costs to the borough for this service. In late 2014, the Stratford Police Department entered into a shared service agreement with Bellmawr Borough where as Stratford purchased a State of the Art Records Management System (RMS) Effective January 2015 Stratford and approximately 32 other law enforcement agencies in Camden County will have the benefit of instantly sharing crime data, including arrests and investigation. Much of costs associated with the purchase of the RMS system was paid for with grants, forfeiture funds and sources.

COMMUNICATIONS

The Stratford Borough Police Department does not directly employ police dispatchers or communications officers. Our primary communications function is provided to Stratford by the Camden County Police Communications Center, which is located in Lindenwold NJ. The Communications Center is staffed 24 hours a day, 365 days a year. Despite all appearances, when calling 911, the process of dispatching a police officer is nearly immediately underway. Officers of the Stratford Police Department respond to most emergency and non-emergency calls within 120 seconds of receipt from the Communications Center. 95% of Camden County municipalities utilize the Camden County Communications Centers with the exception of four larger townships who are Gloucester Township, and Cherry Hill Township. However, during business hours, our Records Clerks will receive, screen and dispatch 10 to 50 emergency and non-emergency calls for service per week. These calls are handled by the Stratford Police Department when a reporting person dials the police administration building directly instead of the non-emergency line or 911. Because the offices are closed 16 hours a day, and all weekend long, the Stratford Police Department discourages the public from calling the administrative offices to report crimes in progress.

Calls for Service

Calls for service are operational incidents that the police department can track and monitor. These include 911 calls, emergency and non-emergency requests for service, and “on-sight” criminal/public service activity by officers. The chart directly below reflects the number of calls for service handled by the Stratford Police Department for the previous five (5) years. As previously stated the vast majority of calls for police service are channeled through the Camden County Communications Center.

Overtime

For the calendar year of 2020, officers of the Stratford Police Department worked approximately 950 hours of locally budgeted hours of overtime and or compensatory time. The Police Department budgeted overtime is utilized and necessary for the patrol division and detective bureau for purposes such as the *replacement of personnel out sick, injured or on other approved leave such as attendance at mandatory or other training, completion of assignments, the investigation of serious offenses, or to work a special assignments such as parades, and other public events.* In years past, severe weather events have seriously taxed the overtime budget; however, the police administration remains committed to ensuring police personnel are deployed where and when our citizens need them. For accountability purposes, overtime must be approved by a Sergeant and by the Chief of Police. For accounting purposes, the Chief Financial Officer logs a running tally of overtime used. Categories for overtime are as follows:

Extended Tour - time worked in addition to and consecutive with one's regular 10 hour work day (examples include time at the end of a tour of duty to complete an arrest, assignment or reports).

Extra Tour - time worked in addition to one's regular workday (examples include replacing an officer on sick leave or a Detective called in to work on a serious case).

Court - To provide testimony in municipal, state or federal court (examples include mandatory court appearance, which does not coincide with an officer's regularly scheduled workday). Since 2014, the municipal court increased their court session to four sessions per month.

Training - attendance at in-service training courses not available during workdays or contractual uncompensated days (examples include CPR / AED Training, Alcotest Certification, Search & Seizure Updates and Criminal Law Refresher) Very limited overtime for training has been expended in the past 4 years.

Crash Investigation Team - assistance provided to the Camden County Prosecutors Office investigating fatal accidents county wide. The Camden County Prosecutors Office reimburses the Stratford Police Department when our trained officer is used out of Stratford Borough on assignment.

DDEF - Drunk Driving Enforcement Fund: a state funded grant utilized to place additional police officers on the road to target drunk drivers (examples include extra patrols on holidays, weekends and nights when instances of drunk driving are inherently increased).

Other Grant Overtime – Overtime used for extra patrols for seatbelt and speed reduction campaigns. Overtime in this category is generally reimbursed through state and federal grants.

Other Overtime – Overtime expended through the Borough paid for by private vendors (traffic construction, school events, fall festival, traffic control, security posts, and security details).

Compensatory Time-Hours: Compensatory hours are actually overtime hours worked in which the police officers elects to bank hours which can be later used as time off. Compensatory hours per Federal Law can be accrued up to 480 hours.

The chart below reflects the Stratford Police Department’s estimated overtime, by category for 2020:

Internal Affairs & Professional Standards

The Stratford Borough Police Department is committed to providing law enforcement services that are fair, effective, and impartially applied. Toward that end, officers are held to the highest standards of official conduct and are expected to respect the rights of all citizens. Officers' adherence to these standards, motivated by a moral and professional obligation to perform their job to the best of their ability, is the ultimate objective of this agency. The effectiveness of a law enforcement agency is dependent upon public approval and acceptance of police authority. The department must be responsive to the community by providing formal procedures for the processing of complaints from the public regarding individual officer performance.

The purpose of the Department's Internal Affairs Policy is to improve the quality of law enforcement services. Citizen confidence in the integrity of the police department increases through the establishment of meaningful and effective complaint procedures. This confidence engenders community support for the police department. Improving the relationship between the police and the citizens they serve facilitates cooperation vital to the department's ability to achieve its goals. An effective disciplinary framework also permits police officials to monitor compliance with department policies and procedures. Adherence to established policies and procedures assists officers in meeting department objectives while a monitoring system permits managers to identify problem areas requiring increased training or direction. Finally, the Internal Affairs Policy ensures fairness and due process protection to citizens and officers alike. The internal affairs process is also used to identify and correct unclear or inappropriate agency procedures. In addition, it will highlight organizational conditions that may contribute to any misconduct, such as poor recruitment and selection procedures or inadequate training and supervision of police officers.

In 2020, there were **9** Internal Affairs Investigations. The categories of these investigations included rule violations, demeanor, illegal search / stop and differential treatment. There were **no** Use of Force Complaints against our police officers. As per the protocol established by the Camden County Prosecutors Office, the Internal Affairs function conducted random drug testing of 20% of the police department. All random drug tests of police officers were negative.

COVID Practices		

During 2008, the Stratford Police Department stopped issuing paper policies. Each officer has been issued a password protected thumb drive and all departmental policies and directives have been converted to PDF format. This initiative has resulted in a cost savings while making the comprehensive patrol guides available to the officer while in the field / patrol vehicles. During the year 2020, the police department issued 28 Special Orders to issue guidance and direction for our officers to navigate the COVID-19 global pandemic.

Law Enforcement Grants

Because of local fiscal restraints, the Stratford Police Department relies heavily upon State and Federal Grants to continue to function at a high level. In addition, because the effective delivery of law enforcement services depends greatly upon training, equipment and effective use of manpower, the Stratford Police Departments literally operates on a shoestring budget supplemented by grant funds. The following is a partial list of grants applied for, and received by the Stratford Police Department during the year of 2020:

Staffing & Patrol Analysis

In these days of rising costs, and a shrinking tax base, staffing of all municipal departments legitimately comes into question. Without question, every municipal employee inclusive of elected officials have a duty to ensure that our taxpayers receive the most effective and efficient delivery of municipal services.

To achieve this mission, the administration of the Stratford Police Department strives to deploy our police officers when and where they are needed most by our citizens. To ensure public safety, the department has elected to employ Temporary & Special Police Officers. These officers currently are not fully trained police officers however they are trained as Special Class Two Police Officers. These officers are hourly employees who are called upon to assist our regular police officers. Special Police Officers are a “special class” of law enforcement officers who are restricted in a variety of ways. However, they clearly serve the needs of our community while defraying overtime costs. Currently the Stratford Police Department employ sixteen (16) full time regular police officers and (1) Special Police Officer.

Statically, the Borough of Stratford enjoys the protection of 2.1 Police Officers, per one thousand residents. The County average in this regard is 2.5 Police Officers, per one thousand residents and the New Jersey State average is 2.3 Police Officers per one thousand residents. Although we may be significantly below the state and county averages regarding the number of police officers we employ, the administration of the Stratford Police Department is confident that our manpower is deployed in an effective and efficient manner, which is continuously analyzed. Should crime or population meaningfully increase, the need for additional police officers may become necessary. However as stated, our manpower and workload is carefully monitored to ensure the safety of our citizens. Consequently, the administration of the police department remains confident that the borough's public safety obligations are met, and yet fairly balanced against the financial or tax implications to our citizens.

Patrol Vehicle Replacement Program

As a matter of business, the borough of Stratford strives to replace one patrol car on even years and two on odd years. In doing so, the Chief and the designated motor pool officer carefully evaluate the use, mileage, condition of each police vehicle. Generally, the Stratford Police Department will de-commission a patrol car after approximately 10 years of service. Although these decade old cars give a nice appearance, wear, tear, mileage and hard driving clearly takes its toll on these cars. For the safety of the police officers and the public, generally police cars are decommissioned after a decade. Given the very nature of their use, the mileage, and existence of 50 speed bumps, it is remarkable that the patrol cars receive 10 years longevity. Currently our patrol fleet consists of the following patrol vehicles:

YEAR	MAKE / MODEL	CAR #	MILES
2014	Ford Explorer	32-1	86,708
2009	Ford Crown Vic	32-2	Decommissioned for SRO Use
2011	Ford Crown Vic	32-3	91,524
2018	Ford Explorer	32-20	6100
2017	Ford Explorer	32-5	34,678
2009	Ford Crown Vic	32-6	No display
2015	Ford Taurus	32-7	100,096
2014	Ford Explorer	32-8	101,989
2017	Ford Explorer	32-9	28,420
2009	Ford Crown Vic	32-10	Decommissioned for SRO Use
2020	Ford Explorer	32-11	8587
2012	Ford Expedition	32-12	88,565
2017	Ford Explorer	32-13	25,478
2020	Ford Explorer	32-17	7812
2016	Ford Explorer	32-15	87,727
2016	Ford Explorer	32-16	49,239

Miscellaneous Year 9 Special Initiative Camden County Regional DWI Task Force

During the summer of 2009, the Stratford Police Department made application to the New Jersey Office of Highway Traffic Safety to receive federal funding for drunk driving enforcement. Consequently, five municipal police departments along the White Horse Pike corridor joined forces to develop the Camden County Drunk Driving Task Force. As of December 31, 2020, our Task Force has removed over 2450 drunk drivers from our neighborhoods. Remarkably, the Officers of the Stratford Police Department consistently ranked as one of the **top 10** police departments in the state of New Jersey in regards to Drunk Driving Enforcement.

Conducted Energy Devices (Taser)

In early 2014, the Stratford Police Department received authorization from the State of New Jersey to carry Conducted Electronic Energy Devices. Utilizing money confiscated from narcotics seizures, the department purchased three devices. These devices are not carried to replace handguns; however, our supervisors carry these devices so that we have a less than lethal force alternative. Each activation is recorded by a video camera, which is manufactured into the handle of the device.

Nalaxone Program (Narcan)

During the month of May 2014, the Stratford Police Department joined many other police departments in the country, when we trained and equipped our police officers with nasal mist dosages of Naloxone hydrochloride also known as Narcan. Sadly, the Chief of Police recognized the need for Stratford Officers to be carrying this anti-opiate antidote to save lives. In 2020, Naloxone was used on 12 occasions, and since the program's inception, officers utilized the antidote on 107 occasions, thus saving the lives of 65 different individuals (some were saved more than once) who had overdosed on illegal drugs. The Stratford Police Department recognizes that the Narcan Program is not a cure to the opiate epidemic, but rather simply an additional lifesaving tool, which furthers the department's core mission of protecting and preserving lives.

Automated External Defibrillator (AED)

In furtherance of our core function of preserving life, each Stratford Patrol Vehicle is outfitted with an AED. All officers are certified bi-annually on their use. Proudly your Stratford Police officers saved or preserved the lives of 3 residents during 2020 and used the device on three other occasions.

“SPEED BUMPS 24 YEARS LATER”

Amazingly, it has been 24 years since the first speed bump was installed in front of the Borough Hall on Union Avenue. Since 1997, the speed bump program expanded and now over two decades later Stratford has installed over 75 speed bumps and replaced about a third of them during street improvement projects. Prior to installing the first speed bump, Stratford officials employed several different strategies to solve the problem of residential speeding. However, each quick fix eventually failed, and the problem resurfaced.

In preparing this informational report I reviewed some old data, and came across a 1998 speed and traffic volume survey that was conducted on Vassar Avenue near Hagerty Field. Alarming in 1997, over 900 vehicles per day traveled on Vassar Avenue at an average speeds 37 of miles per hour. Again in late 2002, the same study was conducted which measured similar traffic volume, yet the average velocity was 25 miles per hour. So again, this year, the identical traffic study was conducted. The 2017 study found that traffic volume on Vassar Avenue had increased to almost 1200 vehicles per day, and the average speed was 27 miles per hour. Due to the COVID 19 Pandemic, a traffic survey was not completed in 2020

While the results may vary somewhat from street to street, the Vassar Avenue study seems to fairly represent the effectiveness of the speed bump program. In addition to the raw data, the number of homeowner complaints, and neighborhood traffic crashes have decreased significantly over the past 20 years. Consequently, speeding tickets on residential roadways are less common in 2020.

Adore them or despise them, 23 years later mostly everyone agrees, that the speed bumps have positively changed the driving culture within our residential neighborhoods.
